* Describe the general goal, and the specific objectives of the project. In addition, include an explanation of how the project is innovative, creative, new or experimental.

3500 character(s) maximum

* Describe the European-added value of your project. The European-added value of a project is included in its capacity to go beyond national, regional and local levels.

European-added value can be:

- Projects that include joint or collaborative activities in the main phase of the project which ensure that the key benefits, learnings, and deliverables of the project are shared or disseminated widely across several countries AND/OR
- Projects that create results that are transferable to other countries and future implementers, or scalable across other European countries than the ones they are developed and tested in the project main phase.

3000 character(s) maximum

PROJECT DESIGN

- * Describe the detailed project activities and include the project timeline. This action plan should cover every phase from the preparation and organisation to the final production and implementation.

3500 character(s) maximum

- * Describe what are the direct results of the project activities. Explain how these results help to achieve the project objectives.

3500 character(s) maximum

- * Explain how the project can be considered as inclusive and diverse.

Please provide specific strategies or actions you plan to implement to ensure that individuals of various backgrounds, including but not limited to race, ethnicity, gender, sexual orientation, age, disability, and socioeconomic status are valued and engaged in all aspects of the project.

3500 character(s) maximum

PROJECT MANAGEMENT

- * Describe the professional and administrative capacity (knowledge, skills and experience) of the project team.

3500 character(s) maximum

- * Describe the processes and methods the project team will implement to ensure an effective workflow and high-quality implementation of the project.

3500 character(s) maximum

*

Outline how the team managing the project demonstrates diversity and inclusivity. Describe how you will ensure representation from individuals of various backgrounds, including but not limited to race, ethnicity, gender, sexual orientation, age, disability, and socioeconomic status.

3000 character(s) maximum

PROJECT IMPACT

* Explain how the results of the project address the challenge(s) selected.

3500 character(s) maximum

* What will be the mid to long-term impact of the (successfully implemented) project?

3500 character(s) maximum

* Provide an overview of your communication strategy and plan.

3500 character(s) maximum

* Explain how the results can be used after the end of the project (whether by the applicant, or others).

3500 character(s) maximum

PROJECT LENGTH

Projects may run for a period of 10, 11 or 12 months. Please note that the project timeframe encompasses the entire project lifecycle, from initial planning and preparation to execution and the subsequent follow-up activities. This must happen between September 1, 2024, and conclude by August 31, 2025.

The image below illustrates all possible timeframes. If selected, during the contract signing phase you will be asked to select your project timeframe.

POSSIBLE TIMEFRAMES	2024				2025

* Please select the expected duration of your project (months):

- 12 Months
- 11 Months
- 10 Months

BUDGET FORECASTING AND PLANNING

* The 2nd Call for Proposals is **organized into three strands**.

The grant takes the **form of a lump sum grant**. Each strand is associated with a **fixed grant amount**.

Grant amount:

A **fixed grant amount** is a set sum of money that is provided as financial support for the selected project. **It does not change regardless of the actual costs or expenses incurred.**

In other words, it's a fixed or unchanging sum of funding that the selected applicant will receive to accomplish the project, and they must manage their expenses within that set amount.

- STRAND A - 60,000€
- STRAND B - 40,000€
- STRAND C - 20,000€

Budget Breakdown:

Please complete the table below, detailing the expected expenses into the different budget categories.

	Forecasted Amount (in Euros)
Staff	* <input type="text"/>
Subcontracting (subcontracting costs going beyond 30% of the total grant amount must be clearly explained)	* <input type="text"/>
Equipment	* <input type="text"/>

Travel and accommodation related expenses	*	<input type="text"/>
Other goods, works and services	*	<input type="text"/>

The field below will automatically calculate the sum of your budget breakdown - be sure that it equals the total grant amount (strand) that you are applying for.

Remember, LIVEMX will fund your project at 100%.

* Briefly **explain in more detail the estimation for each budget category**. (Management Criteria)

Tips on how to complete this section:

- Provide a brief breakdown of expenses per category
- Explain the rationale behind each cost, demonstrating why it's necessary for the project's success.
